Health Hazards (Acute and Chronic)

Contact with eyes will cause irritation. Component, triethanolamine, is an eye irritant. Follow instructions on container for proper handling and use.

Carcinogenicity:

- NTP? No
- IARC Monographs? No
- OSHA Regulated? No

Signs and Symptoms of Exposure

- Eye contact: reddening with accompanying burning sensation.

Medical Conditions Generally Aggravated by Exposure

- existing cuts, rashes, allergies or other sensitive areas may cause irritation.

Emergency and First Aid Procedures

- Eyes: Flush thoroughly with water. Follow instructions for proper handling and use of this product.

### Section VII - Precautions for Safe Handling and Use

**Steps to Be Taken in Case Material is released or Spilled**

- Contain, collect for disposal.

Waste Disposal Method

- Flush normal intended use quantities to the drain. Large quantities; dispose as non-hazardous waste according to applicable regulations.

Precautions to Be Taken in Handling and Storing

- Protect from freezing and excessive heat. Do not get product into eyes.

Other precautions

- see Section II of MSDS regarding proper handling.

### Section VIII - Control Measures

**Respiratory Protection (Specify Type)**

- None

**Ventilation**

- Local Exhaust: None
- Special: None
- Mechanical (General): Normal ventilation
- Other: None

**Protective Gloves**

- Not required

**Work/Hygienic Practices**

- N/A. See container label for proper handling and use.
